

## Smart Websites For Title Agents Under \$1K

Make a better first impression to attract new business...

With our website platform SiteTap, you'll not only get a professional design that works on mobile, you'll also benefit from our years of having "lived the business" so no need to teach someone else what you do, concierge setup service where we do the heavy lifting, and a host of other cutting edge tools that actually help you get more closings. Get launched in weeks not months!

*"Thank you for your exceptional job in building my website. Your knowledge in the title industry made the process much easier." - Susan Dering - FSTitle.net*

### Go Viral with VideoTap

78 percent of consumers watch online video every week. Video also ranks high in search engines and social media. Use custom informational videos to answer common buyer and seller questions - branded with your logo and contact information.

### Pay it Forward with LeadTap

Email Marketing that automatically sends customers & prospects content every month with tips and tricks to help them sell more homes. The content is written for you then custom branded and sent on your behalf. This keeps you top-of-mind and encourages them to use your services more often.

### Help Realtors Close More Sales Faster with ClosingTap

Estimated Seller and Buyer Net Sheet Calculators at your customer's fingertips, complete with your rates, on your website, iPhone, iPad, and Android. Placing title orders have never been so easy!

### Stay Connected with SocialTap

Social Media Managed for you with content relevant to your customers, built in ad management and up to 24 posts per month to boost your social presence.
