

# SOFTPRO LIVE™

The logo for SOFTPRO LIVE features the words "SOFTPRO" and "LIVE" in a bold, blue, serif font with a white outline. The word "LIVE" is positioned to the right of a stylized blue and white globe. A small "TM" trademark symbol is located to the upper right of the word "LIVE".

A N Y T I M E . A N Y W H E R E .

**SoftPro LIVE** is a customizable transaction management tool that allows ProForm users to provide all authorized parties secure access to the status of their file(s). Information can be accessed through the internet anywhere — 24 hours a day, seven days a week. Increase efficiency by proactively providing your contacts with real-time updates on transactions.

**How it Works:** Upload contact information, documents and the status of order tasks to SoftPro LIVE quickly and easily, directly from the ProForm order — there is no need to re-key data. Automatic e-mail notifications keep contacts up-to-date on any activity related to the transaction. Since you control the level of access for your customers and contacts, you can create a completely personalized experience for them. You set the rules for who sees what information and when.

# SOFTPRO LIVE™

## Key Features:

- Provide all appropriate parties involved in the Real Estate transaction (buyer, seller, Real Estate agent, settlement office, etc.) with access to a secure website where they can check the real-time file status of their transaction(s) at any given time.
- Post documents electronically to a secure website where your customers can view them.
- Full permissions give you the control to provide your customers with appropriate access for the orders with which they are associated.
- Keep your customers updated with e-mail notifications regarding order status.

SoftPro LIVE is also available on your Android and iOS smartphone and tablet devices.

Download the appropriate **SoftPro LIVE** app to access contact information, documents and orders when you're on the go.

View a list of all current orders and select one for full order details including Order Date, Seller Information, Buyer Information and a satellite or street view of the property, powered by Google Maps.

Check the status of activities associated with each order such as Loan Package, Hazard Insurance Policy, Flood Insurance Policy, Survey and more.

Documents, detailed contact information and notes related to orders can also be viewed through the mobile application.

For more information about **SoftPro LIVE**, contact SoftPro at **800-848-0143**, or visit **www.softprocorp.com**.
