ABOUT US

Precision Reconciliation Services, Inc. (PRs) has provided escrow accounting support services since 2009. *Our mission is to provide escrow accounting support services in order to assist our customers with maintaining clean, current, and compliant escrow accounts.* We specialize in escrow account reconciliation, escrow account monitoring, reporting, reviewing, clean-up, audit, and accounting support. PRs plays an important role in providing a separation of duties and external oversight.

Our services have become a necessity for businesses in our industry to protect customer funds and reduce the risk of internal and external fraud. PRs is the preferred option for managing, monitoring, and maintaining escrow accounts.
