

STOP WIRE FRAUD BEFORE IT STARTS

Your all-in-one fraud protection platform for real estate.

The risk is real

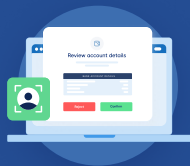

Wire fraud is now a daily threat.

Criminals use fake identities, spoofed emails, and AI-generated content to steal funds. Every party in a transaction is a target. Legacy tools and fragmented workflows leave openings and insurance often won't cover the loss.

How CertifID protects you

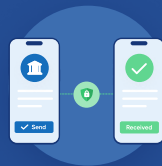

CertifID is the only platform purpose-built to defend against fraud and streamline workflows—combining intelligent technology with real human expertise to secure high-value transactions.

What's included:

Trusted party verification

Verify identities, confirm and order payoffs, securely exchange wire details and documents.

Secure digital payments

Eliminate the risk of wires getting diverted to fraudsters.

Up to \$5M in direct insurance

Confidence that you're protected, no matter what.

A dedicated fraud recovery team

If fraud happens, we can help recover lost funds fast.

Why it matters

CertifID reduces risk without disrupting the deal flow. You get all-in-one fraud protection designed for real estate—and confidence that every transaction is backed by a fraud monitoring platform, expertise, and real insurance.

Secure every transaction with CertifID. One platform. One fee. Zero compromises.
